

The letter **Z!**

Language Arts:

How many words can you think of that begin with the letter "**Z**"? Write them all down and then try to write a story using all of those words!

Next time you come to MCM, bring your story with you; we'd love to hear it!

Math:

Z is for **ZERO**

On his own zero (0) is nothing, but when he has a friend he means a lot. Without zero you can't make 10, 20, 30, 100, or many other numbers.

See how high you can count by 10's!
